### Peanut Allergies

Recognizing that an increasing number of campers have a severe allergy to peanuts and/or nut products and understanding the seriousness of these allergies, we have a great concern for the safety of our campers. Therefore, Camp Widjiitiwin is eliminating the use of these products from use in the kitchen, out trip meals and Tuck Shop products. Further, we will notify incoming campers of our new policy and strongly recommend that they do not bring foods with peanuts to camp. Campers having potentially life threatening conditions such as peanut allergies are required to provide two sets of medication, be familiar with its use and carry the medication in a fanny pack at all times. While we are increasing our sensitivity in this area, we **CANNOT** guarantee a nut free environment.
